

Neild

Our Approach to Sustainable Packaging

Neild & Co. is committed to sustainable packaging that nourish the earth, rather than damage it. Wherever possible, Neild & Co., with iKONpack, innovate and source products that:

- Use recycled material (up to 100%)
- Are recyclable
- Are certified home compostable (AS 5810)
- Have a sustainable closed-loop disposal regime

As a dedicated member to the Australian Packaging Covenant Organisation (APCO), Neild & Co. has adapted the following initiatives and considerations to their Sustainable Packaging Guidelines when sourcing new products.

Targets

Aligned with APCO's 2025 National Targets, Neild & Co. is dedicated to achieving:

- 100% reusable, recyclable or compostable packaging.
- 70% of plastic packaging being recycled or composted.
- 50% of average recycled content included in packaging (revised from 30% in 2020).
- The phase out of problematic and unnecessary single-use plastics packaging.
